DATE: May 9, 2023

RE: Minutes of Meeting of April 25, 2023

Members Present: Chairman Koenigsberg, Member Cushing

Members Absent: Member Lundberg, Member Buckalew, Member Henry, Member Kessler, Member Kelley

Department Staff Present: Jennifer Miller; Conservation Director, Leah Grigorov; Conservation Assistant

Discussion – Bylaw Regulation Review Work Session – General Code

Jennifer Miller began the discussion with circulating a red-line edit version of the Bylaw's revisions along with a clean edit version. The group went through the two documents by sections to review the edits.

Chairman Koenigsberg and Member Cushing flagged a few edits which should be brought before the Commission for further discussion.

Chairman Koenigsberg suggested that the entire Commission should look over the two documents and discuss the flagged changes, along with any further questions and comments, at a public hearing. Director Miller agreed that this would be a good idea. Scheduling a hearing will be conducted at the Commission's May 9, 2023 hearing.

Another work session to begin the revision review of the Regulations will not be scheduled or conducted until after the entire Commission meets to confirm revisions to the Bylaw.

Adjourn

The meeting was adjourned at 10:52 AM.

Respectfully Submitted,
Leah Grigorov, Conservation Assistant

Chairman Koenigsberg
